Handwritten: Foreign Language Reference Materials

7 April 1953

MEMORANDUM FOR: Members of the Advisory Committee on Foreign Language Publications

1. The first meeting of the Advisory Committee is called for Monday, 13 April, in my office, Room 1128 M Building, at 2:30 P.M. It is proposed that we devote our attention to identification of the problems which the members believe should concern the Advisory Committee and consideration of the procedures and possible subcommittees of the Committee.

2. There has already been submitted to the IAC agencies a proposal "Foreign Language Reference Materials" (IAC-D-66). It would be appreciated if the members would bring their views with regard to the proposed steps therein so that we can reach an agreed conclusion as to what should be done.
